- > Parramatta City Council Design Excellence Awards, Award Non-Residential Building Category 2003

A three storey glazed lobby creates a dynamic entry at the street corner, facilitating impressive visual connections to both internal and external spaces.

The spaces within the podium levels are linked by a central linear 'boulevard' creating straightforward circulation through an internal 'streetscape' and encouraging informal interaction between occupants.

This orientation is further emphasised by a spine of office/training facilities running below the two towers from one side of the site to the other. Podium amenities include a cafeteria, coffee lounge and gymnasium, all of which have both visual and physical connection to the private landscaping.

Internal treatment of the spaces echoes the clean, sharp lines of the building with materials accentuating a modern welcoming atmosphere.
